

**BRACEBRIDGE**  
The Heart of Muskoka

# APPLICATION FOR TREE CUTTING PERMIT

Pursuant to By-law 2008-130, as amended

*This application is to be completed by any applicant/property owner(s) wanting to remove trees in any area governed by the Town of Bracebridge Tree Cutting By-law 2008-130. Complete applications, along with any required supporting documentation, shall be submitted to the Planning and Development for approval prior to any tree removal activities.*

## APPLICANT

Name		E-mail	Telephone
Address (if not assigned, legal description)	City	Province	Postal Code
Permit Application Fee:	\$60.00	Permit Application No. #:	
Permit Renewal or Transfer:	\$35.00		

## OWNER (if different from the Applicant)

Name		E-mail	Telephone
Address (if not assigned, legal description)	City	Province	Postal Code

## LOCATION OF TREES TO BE REMOVED

### ATTACHED ARE THE FOLLOWING DOCUMENTS:

- A plan, sketch or photograph of the property showing:
  - Lands owned by the owner
  - Significant land features i.e. lakes, rivers, streams, slopes >20% and wetlands.
  - Scaled location of the trees to be cut and trees to be retained.
- If the tree to be cut shares a property line, the written consent of the affected adjacent property owner shall be obtained and submitted with this application.
- If required* by the Town, a Tree Inventory and Preservation Plan prepared and signed by a qualified professional containing, but not limited to:
  - A general description of the history of use of the property;
  - Importance of the property to the surrounding landscape;
  - A key map of the property showing the location of the property within the Town;

- A detailed inventory map of the property showing the property boundary vegetation type boundaries, adjacent property, vegetation, fences, roads, access roads or trails, hydro lines, utility lines, windbreaks, watercourses, grass fields, railways, buildings, towers, bridges, quarries, dams, flood lands, swamps, mines, brush, marshes, debris piles, shallow rocky areas, orchards, hazard areas, developed agricultural lands, plantations, and woodland areas;
- Details with respect to soil types, topography, physical features, water features, drainage, access, wildlife, existing grading and proposed grading and an inventory of trees and tree regeneration, and the method of assessing the inventory of trees with respect to each distinct area or compartment within the woodlot;
- An analysis and prescription for each vegetation area regarding preservation, conditional preservation, removals and re-vegetation in accordance with the establishment or extension of a use permitted by the zoning by-law;
- A map showing the extents of the areas of preservation, conditional preservation, vegetation removals and restoration where applicable; and
- A prescription for tree preservation measures, including monitoring, notes, specifications and details for the duration of active development on the property.
